Board of Commissioners Policy

Policy on Water Allocation Commercial Point System

(Adoption Date: June 3, 1998)
(Updated: June 4, 2003)

In the event of a request for relief from the water allocation point system for commercial site plans, the following shall apply:

It shall be the policy of the Board of Commissioners to not allow any changes to those site plan conditions of approval that were selected by the original owner/developer that would impact the primary goal of the condition as originally approved on the final site plan.

As a clarification, any requested site plan modification that lessens or reduces the development criteria below the minimum that was applied for and implemented shall not be approved. Any modification that does not impact the minimum development criteria is acceptable.
